Dear Ms. Dekker:

Salit Steel has developed a strong partnership with Zavcor over the last year by assisting us with our driver training needs and recognizes that Zavcor Training Academy trains competent and confident new drivers entering the industry.

Our truck driving positions offer competitive pay, benefit packages, and provide local and rural driving opportunities. At Salit we are always looking for qualified AZ candidates for our various locations and believe that Zavcor Training Academy is vital in providing the truck driving industry with professional, skilled drivers. We would be happy to meet with anyone interested in a truck driving career at Salit Steel trained or recommended by Zavcor.

Thank you for your hard work in growing the industry and growing great people.

Yours Truly,

Julie Lawson
